SAFETY MOMENT - Can Cub Scouts Use Chain Saws?*

I want to remind everybody that all scouting activities must be age appropriate. We have two resources to help with that. The [Age Appropriate Guidelines for Scouting Activities](#) provides is a chart that lets you know who can do what. For projects, the [SAFE Project Tool Use](#) provides details on a wide range of tools.

If you need any safety help, contact us at safety@ggacbsa.org.

* No, of course not.
