Age: 14-year

School: Skyline High

Parent 1: Harvey Atkin

Parent 2: Willamina Atkin

Interests: horses, biking

# Parent-Leader Communication

## Scenario 2: (Henrietta Atkins, neurotypical)

### Document for the person playing the moderator:

#### **Scout: Henrietta Atkin**

Age: 14-year

School: Skyline High

Parent 1: Harvey Atkin

Parent 2: Willamina Atkin

Interests: horses, biking

### **Instructions to moderator (Tony)**

#2: Refer the trainees to the paragraph background on the family above. Ask for a volunteer to play the leader at the conference. Ask the rest of the trainees to note important points, especially things that the leader does well, as well as areas of challenge.

Wrap up the interview timely. 5 minutes is a LOT of time. Then ask for observations.

# Parent-Leader Communication

## Scenario 2: (Henrietta Atkins, neurotypical)

### **Document for trainees:**

Scout: Henrietta Atkin

Age: 14-year

School: Skyline High

Parent 1: Harvey Atkin

Parent 2: Willamina Atkin

Interests: horses, biking

### **Document for Person playing father, Harvey (Ed):**

Scout Henrietta Atkin is the 14-year-old daughter of a middle-income family headed by Harvey and Willamina. She is joining at the behest of her best friend Marisa, who is already in the unit. She is interested in the horses at camp, and also has a mountain bike. She is sensitive about her weight, and wonders if she will fit in in the troop. Her weight on the medical form is higher, but within the range permitted by Philmont for high adventure backpacking.
